Please consider joining my "Priority Neighbors Membership List". There is no cost or obligations to you. This list enables prompt, confidential and secure support. This list provides a secure environment for both my Neighbors and me when we need to communicate, schedule and or provide support and also confirms who we are.

Support has varied from 1 hour a year to 2 hours a day. The cost for my support is a mutually Agreed Hourly Rate (AHR). My Neighbors can also optionally Sponsor and or Retain Support (SRS) for a modest agreed Rate. This SRS rate is fully applied to my agreed hourly rate when Neighbors need my help. Your SRS payment frequency can be monthly or some other choice. These payments enable me to subsidize my retirement income on a predictable schedule. My Neighbors say retaining my support provides added insurance that I will be there for them and they are also pleased to be able to subsidize a senior's retirement income. I encourage you to discuss this agreement with your family members when appropriate. Your support and empathy helps senior's living on a fixed income address the challenges of today's inflationary economy and also recognizes the need. Many active retired seniors advise they want to provide similar help to their neighbours. Over time, with my neighbours help, this model will evolve and once repeatable measurable success can be demonstrated these seniors will be invited to participate.

Cordially yours,
